

Thames Valley DSB – Parent Portal Elementary Schools

The TVDSB Parent Portal is used to provide parents/guardians with information about their child’s education as well as to seek input and authorization regarding various items. This method of collecting information will familiarize parents/guardians with the contents of the Parent Portal for future use, streamlines the collection of information and assists schools in reducing the use of paper.

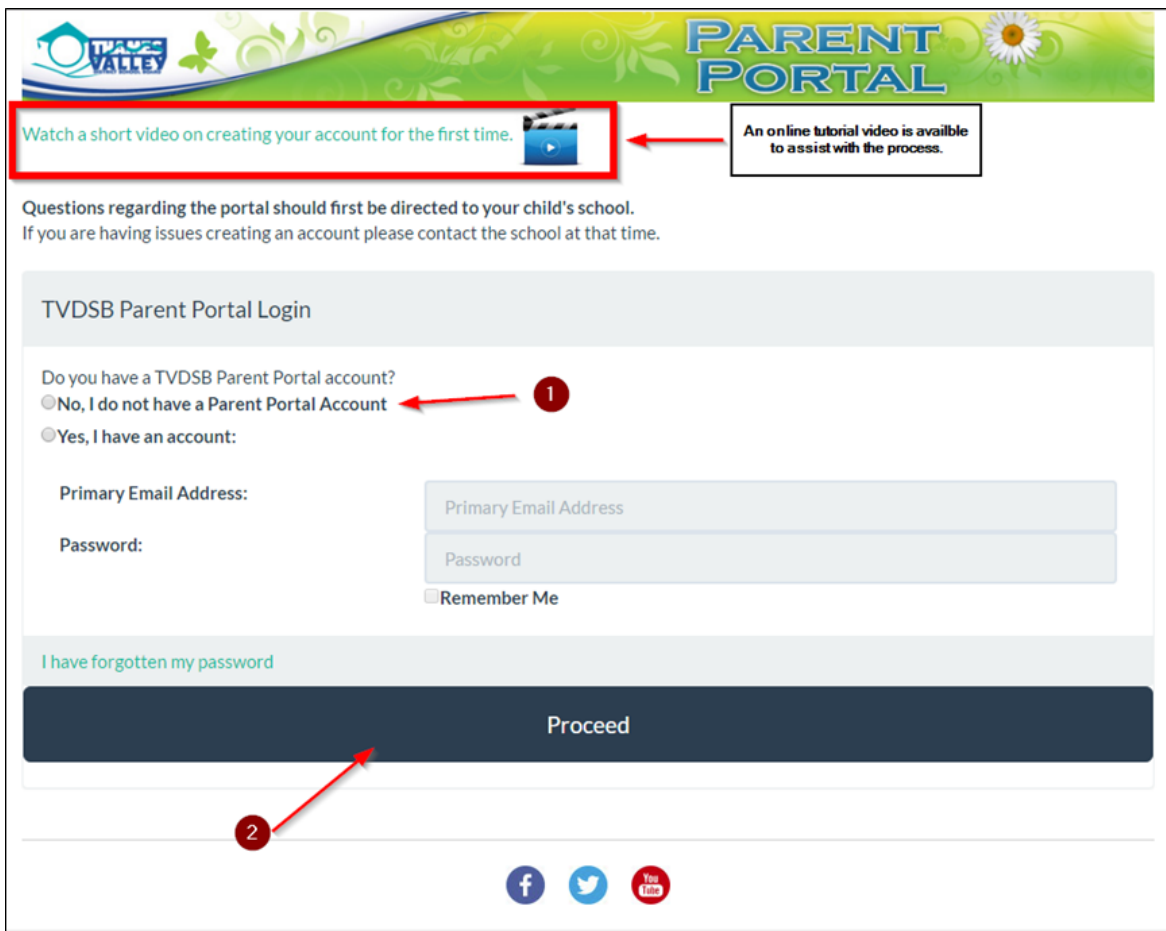

In July, parents/guardians will receive an email inviting them to create/update a TVDSB Parent Portal account and to authorize the following information:

- Student Information Sheet
- Emergency Contact List
- Parental Consents for Release of Student Information
- Computer Use Agreement

In order to access the TVDSB Parent Portal, parents/guardians must provide an email address to the school. Each parent/guardian must have their own unique email address.

To create an account for the TVDSB Parent Portal **(after receiving the email communication in July)**:

Navigate to www.tvdsb.on.ca/parentportal

After clicking 'Proceed', parents/guardians will be taken to another page that will ask for the email address that has been provided to the school. Parents/guardians will then receive a system-generated email with instructions to set up the TVDSB Parent Portal Account.
